

# 2026 HealthSpring<sup>SM</sup>

## Formulary

(List of Covered Drugs  
or “Drug List”)

Please read: This document contains information about the drugs we cover in this plan.

HPMS Approved Formulary File Submission ID 00026096

This formulary was updated on 09/19/2025. For more recent information or other questions, please contact HealthSpring Customer Service, at **1-800-668-3813** (TTY users call 711), 8 a.m. – 8 p.m. local time, 7 days a week. Our automated phone system may answer your call during weekends from April 1 - September 30, or visit [www.healthspring.com](http://www.healthspring.com). The formulary, pharmacy network and/or provider network may change at any time. For a complete list of Contract/PBP numbers this document applies to, please refer to the back cover of this document.

**Important Message About What You Pay for Insulin:** You won't pay more than \$35 for a one-month supply of each insulin product covered by our plan, no matter what cost-sharing tier it's on, even if you haven't paid your deductible.

**Important Message About What You Pay for Vaccines:** Our plan covers most Part D vaccines at no cost to you, even if you haven't paid your deductible. Call Customer Service for more information.

**Note to existing members:** This formulary has changed since last year. Please review this document to make sure that it still contains the drugs you take.

When this Drug List (formulary) refers to “we,” “us,” or “our,” it means HealthSpring. When it refers to “plan” or “our plan,” it means your HealthSpring Medicare Advantage Plan.

This document includes a Drug List (formulary) for our plans, which is current as of 09/19/2025. For a complete updated Drug List (formulary), please contact us. Our contact information, along with the date we last updated the formulary, appears on the front and back cover pages.

You must generally use network pharmacies to use your prescription drug benefit. Benefits, formulary, pharmacy network, and/or copayments/coinsurance may change on January 1, 2027, and from time to time during the year.

## What is the HealthSpring comprehensive formulary?

In this document, we use the terms Drug List and formulary to mean the same thing. A formulary is a list of covered drugs selected by HealthSpring in consultation with a team of health care providers, which represents the prescription therapies believed to be a necessary part of a quality treatment program. HealthSpring will generally cover the drugs listed in our drug list as long as the drug is medically necessary, the prescription is filled at a HealthSpring network pharmacy, and other plan rules are followed. For more information on how to fill your prescriptions, please review your Evidence of Coverage (EOC).

## Can the formulary change?

Most changes in drug coverage happen on January 1, but we may add or remove drugs on the formulary during the year, move them to different cost-sharing tiers, or add new restrictions. We must follow Medicare rules in making these changes. Updates to the formulary are posted monthly to our website here: [www.healthspring.com](http://www.healthspring.com).

**Changes that can affect you this year.** In the below cases, you will be affected by coverage changes during the year:

- Immediate substitutions of certain new versions of brand name drugs and original biological products.** We may immediately remove a drug from our formulary if we are replacing it with a certain new version of that drug that will appear on the same or lower cost-sharing tier and with the same or fewer restrictions. When we add a new version of a drug to our formulary, we may decide to keep the brand name drug or original biological product on our formulary, but immediately move it to a different cost-sharing tier or add new restrictions. We can make these immediate changes only if we are adding a new generic version of a brand name drug, or, adding certain new biosimilar versions of an original biological product, that was already on the

formulary (for example, adding an interchangeable biosimilar that can be substituted for an original biological product by a pharmacy without a new prescription).

If you are currently taking the brand name drug or original biological product, we may not tell you in advance before we make an immediate change, but we will later provide you with information about the specific change(s) we have made.

If we make such a change, you or your prescriber can ask us to make an exception and continue to cover for you the drug that is being changed. For more information, see the section titled “How do I request an exception to the HealthSpring formulary?”

Some of these drug types may be new to you. For more information, see the section below titled “What are original biological products and how are they related to biosimilars?”

- Drugs removed from the market.** If a drug is withdrawn from sale by the manufacturer or the Food and Drug Administration (FDA) determines to be withdrawn for safety or effectiveness reasons, we may immediately remove the drug from our drug list and later provide notice to members who take the drug.
- Other changes.** We may make other changes that affect members currently taking a drug. For instance, we may remove a brand name drug from the formulary when adding a generic equivalent or remove an original biological product when adding a biosimilar. We may also apply new restrictions to the brand name drug or original biological product, or move it to a different cost-sharing tier, or both.

We may make changes based on new clinical guidelines and/or studies. If we remove drugs from our drug list, add prior authorization, quantity limits, and/or step therapy restrictions on a drug or move a drug to a higher cost-sharing tier, we must notify affected members of the change at least 30 days before the change becomes effective.

Alternatively, when a member requests a refill of the drug, they may receive a 30-day supply of the drug and notice of the change.

If we make these other changes, you or your prescriber can ask us to make an exception for you and continue to cover the drug you have been taking. The notice we provide you will also include information on how to request an exception, and you can also find information in the section below titled "How do I request an exception to the HealthSpring formulary?"

**Changes that will not affect you if you are currently taking the drug.** Generally, if you are taking a drug on our 2026 formulary that was covered at the beginning of the year, we will not discontinue or reduce coverage of the drug during the 2026 coverage year except as described above. This means these drugs will remain available at the same cost-sharing and with no new restrictions for those members taking them for the remainder of the coverage year. You will not get direct notice this year about changes that do not affect you. However, on January 1 of the next year, such changes would affect you, and it is important to check the formulary for the new benefit year for any changes to drugs.

The enclosed formulary is current as of 09/19/2025. To get updated information about the drugs covered by HealthSpring, please contact us. Our contact information appears on the front and back cover pages. If there are significant changes made to the printed drug list within the covered year, you may be notified by mail identifying the changes. Drug lists located on our website are reviewed and updated on a monthly basis.

## How do I use the Drug List?

There are two ways to find your drug within the formulary:

### Medical Condition

The formulary begins on page 8. The drugs in this formulary are grouped into categories depending on the type of medical conditions that they are used to treat. For example, drugs used to treat a heart condition are listed under the category, "CARDIOVASCULAR, HYPERTENSION /LIPIDS". If you know what your drug is used for, look for the category name in the list that begins on page 8. Then look under the category name for your drug.

### Covered Drug Index

If you are not sure what category to look under, you should look for your drug in the Covered Drug Index that begins on page 87. The Covered Drug Index provides an alphabetical list of all the drugs included in this document.

Both brand name drugs and generic drugs are listed in the Index. Look in the Index and find your drug. Next to your drug, you will see the page number where you can find coverage information. Turn to the page listed in the Covered Drug Index and find the name of your drug in the drug name column of the list.

## What are generic drugs?

HealthSpring covers both brand name drugs and generic drugs. A generic drug is approved by the FDA as having the same active ingredient as the brand name drug. Generally, generic drugs work just as well as and usually cost less than brand name drugs. There are generic drug substitutes available for many brand name drugs. Generic drugs usually can be substituted for the brand name drug at the pharmacy without needing a new prescription, depending on state laws.

## What are original biological products and how are they related to biosimilars?

On the formulary, when we refer to drugs, this could mean a drug or a biological product. Biological products are drugs that are more complex than typical drugs. Since biological products are more complex than typical drugs, instead of having a generic form, they have alternatives that are called biosimilars. Generally, biosimilars work just as well as the original biological product and may cost less. There are biosimilar alternatives for some original biological products. Some biosimilars are interchangeable biosimilars and, depending on state laws, may be substituted for the original biological product at the pharmacy without needing a new prescription, just like generic drugs can be substituted for brand name drugs.

- For discussion of drug types, please see the Evidence of Coverage, Chapter 5, Section 3.1, "The Drug List" will tell which Part D drugs are covered.

## Are there any restrictions on my coverage?

Some covered drugs may have additional requirements or limits on coverage. These requirements and limits may include:

- **Prior Authorization:** HealthSpring requires you or your prescriber to get prior authorization for certain drugs. This means that you will need to get approval from HealthSpring before you fill your prescriptions. If you don't get approval, HealthSpring may not cover the drug.
- **Quantity Limits:** For certain drugs, HealthSpring limits the amount of the drug that HealthSpring will cover.

For example, HealthSpring allows for 1 tablet per day for atorvastatin 40mg. This applies to a standard one-month

supply (for a total quantity of 30 per 30 days) or three-month supply (for a total quantity of 90 per 90 days).

- **Step Therapy:** In some cases, HealthSpring requires you to first try certain drugs to treat your medical condition before we will cover another drug for that condition. For example, if Drug A and Drug B both treat your medical condition, HealthSpring may not cover Drug B unless you try Drug A first. If Drug A does not work for you, HealthSpring will then cover Drug B.
- **Non-Extended Days Supply:** For certain drugs, HealthSpring limits the amount of the drug that we will cover to only a 30-day supply or less, at one time. For example, members who have not had any recent fill of opioid pain medications within the past 108 days (referred to as “opioid naïve”) are limited to a maximum of 7 days’ supply of opioid pain medication. Members who have received a recent fill of an opioid pain medication (not opioid naïve) are limited to up to a month’s supply of that medication at one time. Other high-cost drugs may be subject to a non-extended day supply restriction, as well.

You can find out if your drug has any additional requirements or limits by looking in the formulary that begins on page 8. You can also get more information about the restrictions applied to specific covered drugs by visiting our website. We have posted online documents that explain our prior authorization and step therapy restrictions. You may also ask us to send you a copy. Our contact information, along with the date we last updated the formulary, appears on the front and back cover pages.

You can ask HealthSpring to make an exception to these restrictions or limits or for a list of other, similar drugs that may treat your health condition. See the section, “How do I request an exception to the HealthSpring formulary?” on page 3 for information about how to request an exception.

### Options for Maintenance Medications

Taking the medications prescribed by your doctor (or other prescriber) is important to your health.

We are committed to helping you control your chronic conditions by making it easy for you to receive your maintenance medications. There are several ways we can work together to accomplish this goal:

- Talk with your doctor about whether a 90-day supply of your ongoing, stable medications may be appropriate. Taking these medications every day as prescribed is important for your overall health, and getting 90-day prescriptions of these medications can help ensure that you do not miss a dose.

- You can receive a 90-day supply at most in-network retail pharmacies or through one of our mail-order pharmacies.
- Talk to your pharmacist if you are experiencing any new challenges with your maintenance medications.

### How can I use my prescription drug coverage to save money on my medications?

There may be opportunities for you to save money on your medications using your HealthSpring coverage.

- Ask your doctor (or other prescriber) if there are any lower-cost generic alternatives available for any of your current medications.
- Some plans may offer a \$0 copay for Tier 1 and Tier 2 generic drugs filled at a preferred retail and/or mail-order pharmacy. Refer to your Evidence of Coverage (EOC) for your plan’s specific cost-sharing amounts.
- Explore whether the ‘CMS Extra Help’ program may offer additional financial support for your medications.
- If your medication is not covered in the HealthSpring drug list, talk with your doctor about alternative medications which are covered on the drug list.

### What if my drug is not on the formulary?

If your drug is not included in this formulary, you should first contact Customer Service and ask if your drug is covered.

If you learn that HealthSpring does not cover your drug, you have two options:

- You can ask Customer Service for a list of similar drugs that are covered by HealthSpring. When you receive the list, show it to your doctor and ask them to prescribe a similar drug that is covered by HealthSpring.
- You can ask HealthSpring to make an exception and cover your drug. See the next section for information about how to request an exception.

### How do I request an exception to the HealthSpring formulary?

You can ask HealthSpring to make an exception to our coverage rules. There are several types of exceptions that you can ask us to make.

- You can ask us to cover a drug even if it is not on our formulary. If approved, this drug will be covered at a pre-determined cost-sharing level, and you would not be able to ask us to provide the drug at a lower cost-sharing level.
- You can ask us to waive a coverage restriction including prior authorization, step therapy, or a quantity limit on your

drug. For example, for certain drugs, HealthSpring limits the amount of the drug that we will cover. If your drug has a quantity limit, you can ask us to waive the limit and cover a greater amount.

- You can ask us to cover a formulary drug at a lower cost-sharing level, unless the drug is on the specialty tier. If approved, this would lower the amount you must pay for your drug. This applies to the following circumstances:
  - If the drug you're taking is a brand name drug, you can ask us to cover your drug at the cost-sharing amount that applies to the lowest tier that contains brand name alternatives for treating your condition.
  - If the drug you're taking is a generic drug, you can ask us to cover your drug at the cost-sharing amount that applies to the lowest tier that contains either brand or generic alternatives for treating your condition.
  - If the drug you're taking is a biological product, you can ask us to cover your drug at the cost-sharing amount that applies to the lowest tier that contains biological product alternatives for treating your condition.

Please note, if we grant your request to cover a drug that is not on our drug list, you may not ask us to provide this drug at a lower cost-sharing level.

Generally, HealthSpring will only approve your request for an exception if the alternative drug is included in our drug list or applying the restriction would not be as effective for you and/or would cause you to have adverse effects.

You or your prescriber should contact us to ask for a formulary tiering exception, including an exception to a coverage restriction.

**When you request an exception, your prescriber will need to explain the medical reasons why you need the exception.** Generally, we must make our decision within 72 hours of getting your prescriber's supporting statement. You can ask for an expedited (fast) decision if you believe, and we agree, that your health could be seriously harmed by waiting up to 72 hours for a decision. If we agree, or if your prescriber asks for a fast decision, we must give you a decision no later than 24 hours after we get your prescriber's supporting statement.

#### **What can I do if my drug is not on the formulary or has a restriction?**

As a new or existing member in our plan you may be taking drugs that are not in our formulary. Or, you may be taking a drug that is on our formulary but has a coverage restriction, such as prior authorization. You should talk to your prescriber about requesting a coverage decision to show that you meet the criteria for approval, switching to an alternative drug that we cover, or requesting a formulary exception so that we will cover the drug you take. While you and your doctor determine the right course of action for you, we may cover up to a 30-day supply of your drug, in certain cases during the first 90 days you are a member of our plan.

For each of your drugs that is not on our formulary or has a coverage restriction, we will cover a temporary 30-day supply. If your prescription is written for fewer days, we'll allow refills to provide up to a maximum 30-day supply of medication. If coverage is not approved after your first 30-day supply, we will not pay for these drugs without a formulary exception, even if you have been a member of the plan less than 90 days.

If you are a resident of a long-term care facility and you need a drug that is not on our formulary or if your ability to get your drugs is limited, but you are past the first 90 days of membership in our plan, we will cover a 31-day emergency supply of that drug while you pursue a formulary exception.

#### **For more information**

For more detailed information about your HealthSpring prescription drug coverage, please review your Evidence of Coverage (EOC) and other plan materials. To access a copy of your EOC, go to [www.HealthSpring.com/Resources](http://www.HealthSpring.com/Resources)

If you have questions about HealthSpring, please contact us. Our contact information, along with the date we last updated the formulary, appears on the front and back cover pages.

If you have general questions about Medicare prescription drug coverage, please call Medicare at **1-800-MEDICARE (1-800-633-4227)**, 24 hours a day, 7 days a week. TTY users should call 1-877-486-2048. Or, visit <http://www.medicare.gov>.

In order to accommodate unexpected transitions of our members that do not leave time for advanced planning, such as level-of-care changes due to discharge from a hospital to a nursing facility or to a home, HealthSpring will allow a one-time 31-day supply (unless the prescription is written for fewer days).

### **HealthSpring's formulary**

The drug list that begins on page 8 provides coverage information about all the drugs covered by HealthSpring. If you have trouble finding your drug in the list, turn to the Covered Drug Index that begins on page 87.

The first column of the chart lists the drug name. Brand name drugs are capitalized (e.g., TRELEGY ELLIPTA) and generic drugs are listed in lower-case italics (e.g., *atorvastatin*).

The information in the Requirements/Limits column tells you if HealthSpring has any special requirements for coverage of your drug.

We have quantity limits on certain drugs which are indicated with a QL in the Covered Drugs by Category list on page 8 along with the amount dispensed per the days supplied. (For example: atorvastatin 40mg QL (30/30); this means the drug atorvastatin 40mg is limited to 30 tablets per 30 days. For 90-day supplies, this quantity limit would be expanded to 90 tablets per 90 days).

Some HealthSpring plans offer 100-day extended supplies for certain medications. Please refer to your Evidence of Coverage (EOC) for more information about this coverage. To access your EOC, go to: [www.HealthSpring.com/Resources](http://www.HealthSpring.com/Resources).

### **What is a preferred network pharmacy?**

Our plan includes preferred network pharmacies. You may save money by using a preferred pharmacy. If you need help finding a network pharmacy, please call Customer Service at 1-800-668-3813 (TTY users call 711), 8 a.m. – 8 p.m. local time, 7 days a week October - March, Monday to Friday April - September. Messaging service used weekends, after hours and on federal holidays, or visit [www.healthspring.com](http://www.healthspring.com), or you can visit [www.HealthSpring.com/Resources](http://www.HealthSpring.com/Resources) for the most current Pharmacy Directory.

### **Drug Tier and Cost-Sharing**

HealthSpring covers both brand name drugs and generic drugs. The amount you pay for a prescription drug depends on which tier your drug is in. In general, the higher the tier number, the higher your cost for the drug.

**Tier 1 - Preferred Generic Drugs:** This tier includes commonly prescribed generic drugs. Drugs in Tier 1 will typically be your most affordable option.

**Tier 2 - Generic Drugs:** This tier includes generic drugs, but generally cost a little more than preferred generic drugs.

**Tier 3 - Preferred Brand Drugs:** This tier includes preferred brand-name drugs as well as some generic drugs. Keep in mind that the tier name "Preferred Brand Drugs" is just a description of most of the drugs in the tier. It does not mean that there are only brand-name drugs in this tier.

**Tier 4 - Non-Preferred Drugs:** This tier includes higher-priced brand name drugs and generic drugs not in a preferred tier. There may be lower-cost alternatives for you. Ask your doctor about switching to a covered drug on a lower tier.

**Tier 5 - Specialty Tier drugs:** This tier includes high-cost drugs. You will pay a percentage of total drug costs in this tier, called coinsurance. Drugs in Tier 5 are typically the most expensive drugs on the drug list.

Cost-sharing for each tier varies by plan. Refer to your Evidence of Coverage (EOC) for our plan's specific cost-sharing amounts. To access your EOC, visit [www.HealthSpring.com/Resources](http://www.HealthSpring.com/Resources).

HealthSpring is not always able to keep all generic medications in the Preferred Generic and Generic drug tiers. Some generic medications may be in Tier 3, Tier 4, or Tier 5.

### **For members receiving Extra Help:**

Your Low-Income Subsidy (LIS) copay level will be based on how the Food and Drug Administration (FDA) classifies certain drugs. Due to this, a generic drug may receive a preferred brand copay, or a preferred brand drug may receive a generic drug copay. Please see your LIS Rider for information on your copay levels or call Customer Service.

## **Drug List Table of Contents:**

The drugs on the drug list are grouped into categories depending on the type of medical conditions that they are used to treat. If you know what your drug is used for, look for the category name in the list below. Then look under the category name within the drug list for your drug.

	Page
ANTI – INFECTIVES .....	8
ANTINEOPLASTIC / IMMUNOSUPPRESSANT DRUGS .....	18
AUTONOMIC / CNS DRUGS, NEUROLOGY / PSYCH .....	30

UROLOGICALS .....	83
VITAMINS, HEMATINICS / ELECTROLYTES .....	84

HealthSpring's pharmacy network includes limited lower-cost, preferred pharmacies in Pennsylvania. The lower costs advertised in our plan materials for these pharmacies may not be available at the pharmacy you use. For up-to-date information about our network pharmacies, including whether there are any lower-cost preferred pharmacies in your area, please call 1-800-668-3813 (TTY users call 711) or consult the online pharmacy directory at [www.HealthSpring.com/Resources](http://www.HealthSpring.com/Resources)

**Drug List Key:**

**B/D** – This prescription drug has a Part B versus D administrative prior authorization requirement. This drug may be covered under Medicare Part B or D depending on circumstances.

**EX** – Excluded Drug. This prescription drug is not normally covered in a Medicare Prescription Drug Plan. The amount you pay when you fill a prescription for this drug does not count towards your total drug costs (that is, the amount you pay does not help you qualify for catastrophic coverage). In addition, if you are receiving extra help to pay for your prescriptions, you will not get any extra help to pay for this drug.

**LA** – Limited Availability. This prescription may be available only at certain pharmacies. For more information consult your Pharmacy Directory or call Customer Service at 1-800-668-3813 (TTY users should call 711), October 1 – March 31, 8 a.m. – 8 p.m. local time, 7 days a week. From April 1 – September 30, Monday – Friday 8 a.m. – 8 p.m. local time. Messaging service used weekends, after hours, and on federal holidays, or visit [www.healthspring.com](http://www.healthspring.com).

**NDS** – Non-extended day supply medication. This drug is only available for a one-month supply.

**PA** – This drug requires prior authorization

**QL** – This drug has quantity limits

**ST** – This drug has step therapy requirements

**V** – This vaccine is provided at no cost when used based on recommendations by the Centers for Disease Control and Prevention's (CDC) Advisory Committee on Immunization Practices (ACIP).

## **Notice of Availability of Language Assistance Services and Auxiliary Aids and Services**

English:	ATTENTION: If you speak English, free language assistance services are available to you. Appropriate auxiliary aids and services to provide information in accessible formats are also available free of charge. Call the plan for more information or speak to your provider.
Español (Spanish):	ATENCIÓN: Si habla español, tiene a su disposición servicios gratuitos de asistencia lingüística. También puede solicitar, sin costo alguno, servicios o herramientas especiales para acceder a la información en formatos accesibles. Llame al plan para obtener más información o hable con su proveedor.
中文 (Chinese Mandarin):	注意：如果您说中文，我们可以为您提供免费语言协助服务。我们还免费提供适当的辅助设备和服务，以无障碍格式提供信息。请致电计划以获取更多信息或与您的服务提供者联系。
中文 (Chinese Cantonese):	注意：如果您說中文，我們將免費為您提供語言協助服務。我們還免費提供適當的輔助工具和服務，以無障礙格式提供資訊。請致電本計劃查詢更多資訊或諮詢您的醫療服務提供者。
Tagalog (Tagalog):	PAGBIGAY-PANSIN: Kung nagsasalita ka ng wikang tagalog, available para sa iyo ang mga serbisyo ng libreng tulong sa wika. Available din nang walang bayad ang mga wastong dagdag na tulong at serbisyo na makapagbibigay-impormasyon sa mga naa-access na format. Balikan ang plano para sa higit pang impormasyon o makipag-usap sa iyong provider.
Français (French):	ATTENTION : Si vous parlez français, des services d'assistance linguistique gratuits peuvent être mis à votre disposition. Des aides et services auxiliaires appropriés pour fournir des informations dans des formats accessibles sont également disponibles gratuitement. Appelez votre régime d'assurance maladie pour obtenir des informations supplémentaires, ou adressez-vous à votre prestataire.
Việt (Vietnamese):	CHÚ Ý: Nếu quý vị nói tiếng việt, các dịch vụ hỗ trợ ngôn ngữ miễn phí sẽ có sẵn cho quý vị. Các dịch vụ và trợ giúp bổ sung phù hợp để cung cấp thông tin ở các định dạng có thể truy cập cũng có sẵn miễn phí. Hãy gọi cho chương trình để biết thêm thông tin hoặc trao đổi với nhà cung cấp dịch vụ của quý vị.
Deutsch (German):	BITTE BEACHTEN: Wenn Sie deutsch sprechen, stehen Ihnen kostenlose sprachliche Hilfsdienstleistungen zur Verfügung. Geeignete Hilfsmittel und Dienstleistungen zur Bereitstellung von Informationen in barrierefreien Formaten sind ebenfalls kostenlos verfügbar. Für weitere Informationen wenden Sie sich bitte an den Kundendienst Ihrer Versicherung bzw. an Ihren Versicherungsberater.

한국어  
(Korean):

참조: 한국어를 사용하시는 경우 무료 언어 지원 서비스를 이용하실 수 있습니다. 이용 가능한 형식으로 정보를 제공하는 적절한 보조 도구 및 서비스도 무료로 제공해 드립니다. 자세한 정보는 플랜에 전화하거나 서비스 제공업체에 문의하십시오.

Русский  
(Russian):

**ВНИМАНИЕ:** Если вам удобнее для общения русский язык, вы можете воспользоваться бесплатными услугами языковой поддержки. Также доступны необходимые вспомогательные средства и услуги предоставления информации в доступном формате для людей с ограниченными возможностями. Для получения дополнительной информации позвоните или обратитесь к своему поставщику.

اللغة العربية  
(Arabic):

تبليغ: إذا كنت تتحدث اللغة العربية، فستتوفر لك خدمات المساعدة اللغوية المجانية. كما توفر وسائل مساعدة وخدمات مناسبة لتوفير المعلومات بتنسيقات يمكن الوصول إليها مجاناً. اتصل بالخطة للحصول على مزيد من المعلومات أو للتحدث مع مقدم الخدمة الذي تعامل معه.

हिंदी  
(Hindi):

ध्यान दें: यदि आप हिंदी बोलते हैं, तो आपके लिए निःशुल्क भाषा सहायता सेवाएँ उपलब्ध हैं। सुलभ प्रारूपों में जानकारी प्रदान करने के लिए उचित सहायक साधन और सेवाएँ भी निःशुल्क उपलब्ध हैं। प्लान के बारे में अधिक जानकारी के लिए कॉल करें या अपने प्रदाता से बात करें।

Italiano  
(Italian):

**ATTENZIONE:** Se parla italiano, sono disponibili servizi di assistenza linguistica gratuiti. Sono inoltre disponibili gratuitamente ausili e servizi adeguati per fornire informazioni in formati accessibili. Chiama il numero corrispondente al Suo piano per ulteriori informazioni o si rivolga al Suo fornitore.

Português  
(Portuguese):

**ATENÇÃO:** Se fala português, tem à sua disposição serviços gratuitos de assistência linguística. Também estão disponíveis equipamentos e serviços de assistência adequados que lhe permitem ter acesso às informações em formatos acessíveis, de forma gratuita. Contacte o plano para obter mais informações ou fale com o seu prestador.

Kreyòl Ayisyen  
(Haitian Creole):

**ATANSYON:** Si ou pale kreyòl ayisyen, w ap jwenn sèvis asistans lengwistik gratis. Gen éd ak sèvis oksilyè ki apwopriye pou bay enfòmasyon nan fòma ki aksesib, ki disponib gratis tou. Rele plan an pou jwenn plis enfòmasyon oswa pou w pale ak pwofesyonèl swen sante w la.

Polski  
(Polish):

**UWAGA:** Osoby mówiące po polsku mogą skorzystać z bezpłatnej pomocy językowej. Odpowiednie wsparcie i usługi pomocnicze w celu zapewnienia informacji w przystępnych formatach są również dostępne bezpłatnie. Dodatkowe informacje można uzyskać dzwoniąc do planu lub rozmawiając ze świadczeniodawcą.

日本語  
(Japanese):

注：お客様が[日本語]を話す場合は、無料の言語アシスタンス・サービスを利用できます。アクセスしやすい形式で情報提供を行うための、適切な補助器具やサービスも無料でご利用いただけます。詳細はプランにお電話いただくか、プロバイダーにご相談ください。

## **NOTES**

For insulins that are covered by our plan, you will pay only \$35 for each 30-day script and \$0 for each covered adult vaccine.

For long-term care (LTC) you can get up to a 31-day supply. At an out-of-network pharmacy you will pay the in-network pharmacy copay or percentage of the cost plus the amount that the out of network pharmacy billed charges are higher than our typical standard retail pharmacy billed charges. If you receive Extra Help, these costs do not apply. You typically pay only a low copay.
