Behavioral health services

For members with behavioral health issues, such as depression, anxiety or substance abuse, we're here to support you. Get help finding behavioral health care providers and understand costs and your care choices. To learn more about behavioral health services, call Customer Service at the phone number listed on the back of your member ID card. All calls are private. MDLIVE providers also offer virtual mental health therapy by appointment. Go to myHealthSpring.com to get started using telehealth services.

Let your doctor know if you have:

- Issues with or concerns about your medications.
- Questions about your test results.
- Received care from specialists or other providers since your last visit.

Check the box if you're having trouble with any of the following activities:

- Walking without support
- Bathing and using the toilet
- Getting in and out of chairs easily
- Getting dressed by yourself
- Eating and preparing meals

My medications

2026

List the medications you take	Health condition	Dosage	Times per day

Always talk to your doctor about ALL of your medications, especially if you:

- Experience side effects.
- Forget to take your medication.
- Can't afford your medication.

Prescription costs may be lower if you can:

- Get a 90-day supply.
- Use a preferred pharmacy.

Write down any medication questions you want to ask your doctor.

 **HealthSpringSM**

*Even if you received your pneumonia shot in the past, ask your doctor about the most up-to-date recommendations.
