HealthSpring PPO Plan Provider Directory

This directory is current as of September, 2025.

When this *Provider Directory* says “we,” “us,” or “our,” it means HealthSpring. When it says “plan” or “your plan,” it means the following plan(s):

- HealthSpring True Choice (PPO)
- HealthSpring True Choice Core (PPO)

This directory provides a list of HealthSpring's current network providers for **Florida**.

To access your plan's online *Provider Directory*, visit **HealthSpring.com/GroupMA**. For any questions about the information contained in this directory (hardcopy or online), or to obtain this directory for free in alternative languages and formats such as large print, braille, or audio please call our Customer Service Department at **1-888-281-7867 (TTY 711)**, October 1 - March 31, 8 a.m. - 8 p.m. local time, 7 days a week. April 1 - September 30, 8 a.m. - 8 p.m. local time, Monday - Friday. Our automated phone system may answer your call during weekends, holidays and after hours. HealthSpring will mail a hard copy of the *Provider Directory* to you within three (3) business days of your request. HealthSpring may ask whether your request for a hard copy is a one-time request or if you are requesting to receive the *Provider Directory* in hard copy ongoing. If you request it, your request for hard copies of the *Provider Directory* remains until you leave HealthSpring or request hard copies to be discontinued.

If you see inaccurate information for a provider in the print or online directory, please help us improve your experience by reporting it using one of the following options:

- Report by phone: call Customer Service at the number listed above.
- Report online: through the Report Inaccurate Information link in the online directory

We will verify the information you send and ensure it is corrected accordingly.

The pharmacy network and/or provider network may change at any time. You will receive notice when necessary.

These listings may include participating Nurse Practitioners (NPs) and Physician Assistants (PAs) who offer primary care services. Please note that while you may receive care from these providers, HealthSpring currently does not allow NPs or PAs to be designated as your Primary Care Provider (PCP). If you utilize an NP or PA as your primary source of care, a participating physician from the same medical group should be selected as your PCP.

HealthSpring is in the process of updating its directory to include additional participating NPs and PAs. If your provider does not appear, you may contact them or HealthSpring Customer Service at 1-888-281-7867 (TTY 711) to validate whether they participate with your HealthSpring plan.

Section 1 – Introduction

Network Providers

This directory provides a list of your plan's network providers. To get detailed information about your health care coverage, please see your *Evidence of Coverage* (EOC).

HealthSpring is committed to building a trusted network of health care providers. The doctors, hospitals, facilities, and other providers we contract with must meet certain credentialing requirements. They must also agree to our billing rates. This helps make sure you have access to quality, cost-effective care. To build our network, we look at how many primary care and specialty doctors are in a specific area. We also look at what hospitals, labs, and other facilities are in that area. Our goal is to build a network that gives you choice and convenient access to treatment and services. Provider networks vary by state and plan, and include doctors, hospitals, and health care facilities in your local area.

For HealthSpring PPO plan members, we encourage you to select a Primary Care Provider (PCP) from our network, but you're not required to do so. Generally a PCP is a physician who is trained to provide general medical care. Your PCP can also coordinate the rest of the covered services you need. You have the option to select doctors and benefits both in and out of network; no referrals required.

The network providers listed in this directory have agreed to provide you with your health care, vision and/or dental services, as applicable.

For health care, you may go to any of our network providers listed in this directory. In some cases, you may get covered services from non-network providers.

Out-of-Network Providers

While you are a member of our plan, you may see out-of-network providers that participate in Medicare and accept the plan. An out-of-network provider is a doctor or other health care professional who does not have a contract with HealthSpring. Accepting the plan means the doctor is willing to treat you and bill HealthSpring. In non-emergent situations, please tell out-of-network providers that you are a HealthSpring member before you see them to ensure that they will see you. Please refer to your *Evidence of Coverage* for details. Our payment for out-of-network services is based on the Medicare Allowable Amount, or the Medicare Limiting Charge (if applicable). **Unlike other PPO plans, with our plan you pay the same cost share in-network and out-of-network.**

Out-of-network/non-contracted providers are under no obligation to treat our members, except in emergency situations. For a decision about whether we will cover an out-of-network service, we encourage you or your provider to ask us for a pre-service organization determination before you receive the service. Please call our Customer Service number or see your *Evidence of Coverage* for more information, including the cost sharing that applies to out-of-network services.

Appointment Wait Times

Primary care providers will make their best effort to see you within 30 business days of your appointment request.

When seeking behavioral health services, your appointment wait time will depend on your individual circumstances. For example, behavioral health providers will make their best effort to:

- Offer urgently needed or emergency behavioral health services immediately;
- Offer behavioral health services within 7 business days of your appointment request when these services are not urgently needed or considered an emergency, but you require medical attention; and
- Offer routine and preventive behavioral health services within 30 business days of your appointment request.

Provider Network Relationships

HealthSpring has different types of provider relationships. We may have contracts with independent physicians, Independent Physician Associations, Physician Organized Delivery system and clinic-based providers in your area. The following paragraphs describe the relationship these providers have with us.

- **Independent Physician Associations (IPA)**

Independent Physician Associations (IPAs) consist of primary care and specialist physicians located in and around your area. If you select a PCP who belongs to an IPA, you should be aware that your PCP will refer you to specialists and hospitals affiliated with the same IPA and with whom they work closely to coordinate your care. You will receive all of your care, including gynecological and specialty care from the physicians within the same IPA. Gynecological care can be accessed by any Gynecologist in the network.

Your IPA is designed to provide a team of primary care and specialty physicians who can manage your care needs. However, if your medical condition should ever require you to seek care outside the IPA, your primary care physician will continue to assist you in the coordination of any needed prior authorizations or referrals for services outside the IPA.

- **A Physician Organized Delivery (POD) system** represents a network of physicians with similar referral patterns, organized to administer health care services to the plan's members. If you select a PCP who belongs to a POD, you should be aware that your PCP will refer you to specialists affiliated with the same POD and with whom they work closely to coordinate your care. However, your PCP can refer you to any other in-network physician outside of the POD, and your PCP will continue to assist you in the coordination of any needed services outside the POD.

- **Independent physicians**

Independent physicians are primary care and specialist physicians located in and around your area that are not part of an Independent Physician Association (IPA) or Physician Organized Delivery system (POD). If you select an independent PCP you should be aware that your PCP will refer you to specialists and hospitals with whom he/she is affiliated and with whom they work closely to coordinate your care. Please confirm whether the referred physician or hospital is a network provider with your plan. You will receive all of your care, including gynecological and specialty care from the physicians affiliated with your PCP. Gynecological care can be accessed through any independent Gynecologist.

If you get a bill

There may be times when you get a bill from a provider for the full cost of medical care you have received. In many cases, you should contact Customer Service or send this bill to us instead of paying it. We will look at the bill and decide whether the services should be covered. If we decide they should be covered, we will pay the provider directly. (Please note that we cannot pay a provider who has opted out of the Medicare program. Check with your provider before receiving services to confirm that they have not opted out of Medicare.) If we determine that the services are not covered or were not medically necessary, we may deny coverage and you will be responsible for the entire cost.

Emergency and Urgent Care

You may get emergency medical care whenever you need it, anywhere in the United States or its territories. Our plan covers ambulance services in situations where getting to the emergency room in any other way could endanger your health. Please refer to your Evidence of Coverage for details. You may also get covered emergency medical care whenever you need it, anywhere in the world. If you have an emergency, we will talk with the doctors who are giving you emergency care to help manage and follow up on your care. The doctors who are giving you emergency care will decide when your condition is stable and the medical emergency is over. After the emergency is over you are entitled to follow-up care to be sure your condition continues to be stable. Your follow-up care will be covered by our plan. If your emergency care is provided by out-of-network providers, we will try to arrange for network providers to take over your care as soon as your medical condition and the circumstances allow.

If you obtain routine care from out-of-network providers, you will have to pay the out-of-network cost-sharing except for emergency care and out-of-network urgent care. Please refer to your *Evidence of Coverage* for more information.

Telehealth Services

When you need nonemergency urgent care and your health care provider isn't available, reach out to an MDLIVE® telehealth provider. They're available to help virtually—by smart phone computer or tablet. And you can talk to them about many health issues. They include allergies, cough, headache, sore throat, and other minor illnesses. MDLIVE offers other telehealth services too, including mental health therapy and dermatology virtual care. To learn more about this benefit, call Customer Service at **1-888-281-7867 (TTY 711)**.

Behavioral Health Services

Behavioral health services, including mental health and substance abuse services are covered by the plan. Members and providers may access behavioral health services by calling Customer Service at **1-888-281-7867 (TTY 711)**. Our representatives can help locate behavioral health care providers or arrange inpatient admission authorization.

What is the service area for your plan?

Our service area includes:

- **Florida**

With HealthSpring PPO plans, our provider network covers you beyond your neighborhood for routine care. You can travel and receive care at in-network rates in select counties. Standard network rates apply. Please go to our website at HealthSpring.com/GroupMA or call Customer Service for assistance locating an in-network PPO provider.

How do you find Plan Providers that serve your area?

HealthSpring PPO plan members are encouraged to select a PCP from our network, but you're not required to do so. Generally, a PCP is a physician who is trained to provide general medical care.

To choose a PCP from the Provider Directory, turn to the Primary Care Provider section for a listing of providers in your area. You can also call Customer Service at **1-888-281-7867 (TTY 711)** for assistance or visit **HealthSpring.com/GroupMA**. When you select a PCP, you will find a space on your Enrollment Application to enter the PCP's name. If you choose a PCP after your Enrollment Application has been submitted, call Customer Service and inform them of your PCP selection. If you want to change to another PCP, you may do so at any time by calling Customer Service.

To choose a specialist, hospital, pharmacy or other provider, please turn to the applicable section in the *Provider Directory* for a listing of providers in your area. For example, to find hospitals in your area, turn to the Hospitals section of the directory.
