

Medicare Advantage

Understand your vaccination coverage.

It's an important part of your Medicare Advantage plan.

Getting the vaccinations recommended by your doctor is an important part of your preventive care. So it's important to know that your vaccination coverage is separated into two parts.

1. The vaccine – what product you get.
2. The administration – how you get the vaccine.

The prescription drug portion of your plan covers many vaccines administered at your doctor's office or pharmacy, including:

- Shingles: Shingrix®
- Tetanus: Adacel, Boostrix
- RSV: Abrysvo, Arexvy, mRESVIA

The medical portion of your plan covers other vaccines, including:

- Yearly flu
- Pneumonia
- COVID-19
- Hepatitis B

Taking control of your health is important, so give it a shot.

- Talk to your doctor about which vaccines are right for you.
- If you have questions about your coverage, please call Customer Service at the phone number on the back of your HealthSpringSM ID card or visit **myHealthSpring.com**.
- For more vaccine coverage details and pharmacy claims information, turn to the flip side of this flyer.

Review this chart to learn more about vaccinations covered by your HealthSpring Medicare Advantage Prescription Drug plan.

IF YOU GET THE VACCINE:	AND GET THE SHOT:	YOU WILL PAY:	THEN YOU NEED TO:	HEALTHSPRING WILL PAY:
At a pharmacy*	At a pharmacy*	\$0 copay for the vaccine and the charge to get the shot.	No additional action is required.	The rest of the cost of the vaccine and the charge for getting the shot.
At a pharmacy*	From a doctor	\$0 copay for the vaccine itself, but you may need to pay your doctor for the total charge to give you the shot.	File a claim with HealthSpring to be reimbursed for the amount your doctor charged for giving you the shot, if necessary.	The cost of the vaccine and the maximum allowable vaccine administration charge for your doctor. You may be responsible for any additional charge for getting the shot above what is allowed.
From a doctor	From a doctor	You may need to pay the entire cost of the vaccine and the charge to get the shot.	File a claim with HealthSpring to be reimbursed for the amount your doctor charged for the vaccine and for giving you the shot, if necessary.	The cost of the vaccine and the maximum allowable vaccine administration charge for your doctor. You may be responsible for any additional charge for getting the shot above what is allowed.

FDA-authorized COVID-19 vaccines will be covered under your HealthSpring plan as a medical preventive service. You pay nothing for the vaccine, booster shots, or additional doses.

Questions?

Call Customer Service at the number located on your HealthSpring ID card.

Access **pharmacy** claim forms on **myHealthSpring.com** or **HealthSpring.com/GroupMA**.
