Adherence Drivers*

Help remove the barriers to medication adherence. Encourage your patients to use Express Scripts® Pharmacy home delivery to receive up to a 100-day supply of their medication. They'll also have the option of enrolling in the automatic refill program. It ensures patients receive timely and convenient refills. HealthSpring will expand 100-day supplies to Tiers 1–4 for all HMO plans. PPO, DSNP, and Primary plans do not cover 100-day supplies. 100-day supplies can be filled at preferred and standard retail and mail order pharmacies, for the same cost share as a 90-day supply.

ePrescribe prescriptions and get your patients their medications faster.
